ECCE Teaching & Learning Materials: Student Activity Books

English

The English Activity book includes tasks such as matching letters to corresponding pictures, drawing images associated with specific sounds, and integrating themes like "world around us."

Math

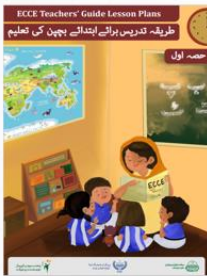

The Math Activity Book is designed to prioritize the cultivation of critical thinking skills over mere rote memorization, fostering higher-order thinking and hands-on learning opportunities.

Urdu

In the Urdu Activity Book, there is a notable focus on enhancing word-building and sight-reading skills in students. To attain this objective, the book introduces and elaborates on concepts such as Urdu vowels (Musawate), impactful sounds (Bhari Awaizein), and constructing sentences.
